Living a Christ-Centered Life
True Wisdom

Scripture reading: 1 Corinthians 1:18-25; 2:13-16

I. The message of the cross is true wisdom—God's revelation in history versus esoteric human wisdom.

II. God's wisdom is rooted in our salvation through Christ crucified, which brings an end to own efforts at saving ourselves.

III. Paul is not opposing academic pursuit or the study of various academic disciplines, but we must always submit our minds to God's revealed wisdom in Christ.

IV. God can direct us by reason and common sense, but we must always seek the direction of His Spirit as we live in Christ (the mind of Christ).
